PUPPY KINDERGARTEN: pups age 12-18 weeks (at start date)

- Don't miss this critical learning stage of puppyhood!
- Combines socializing AND actual early learning!
- Prevent problems *before* they happen!
- Basics *include*: sit, down, loose leash walking, chewing, nipping, jumping up, housebreaking tips, handling (your vet/groomer will thank you), safety issues & most importantly imprinting a solid recall to create a pup that ALWAYS comes happily when called!
- Puppy communication, psychology, timing, & the right way to teach!
- Proper socializing (prevents many potential aggression issues)
- Obstacles (fun and builds confidence!)
- Entire family welcome to attend and work with pups.
- Combine with beginner puppy & get \$20 merchandise certificate!

BEGINNER GROUP: "Beginner Pup" dogs to 6 mo. "Adult" dogs 6 mo+

- Get results on the first command with or without distraction!
- No pre-requisites, ideal for first timers of any age or as a refresher at any stage of training (can you do the class off leash?)
- Includes: loose leash walking, heeling, stays, more recall (coming) exercises, more manners such as "leave", "off" and "quiet", attention and timing, handling, grooming tips, safety, etc.
- 6 foot leash required (no chain or retractables)
- Be a good leader, without any physical force!
- Children welcome to attend & encouraged to work with parental supervision at home, but class is designed for adults (handlers take turns).
- Focus on real life issues for reliability— train don't restrain.
- Learn how to have the best of both worlds: happy AND obedient!
- Canine communication, psychology, timing, & the right way to teach!
